SUGGESTED TOTAL

Prices are suggested asking prices in Thai baht for the local market (Facebook / Shopee / plant markets), based on species, size, age and the styling work done. Ages marked in orange are where the photo suggests a different age than recorded — see the review on the last page.

01

Vietnamese Blue Bell (Linh Sam)

Trifidacanthus unifoliolatus

No earlier photo

Bought 24 Jan 2026 — as styled

BEFORE

—

AFTER

Current

DESCRIPTION

Mature Linh Sam with a well-developed nebari, exposed surface roots and a twisting trunk carrying three balanced pads. Established in a glazed ceramic tray with a full moss carpet. The most finished tree in the collection.

LISTING TEXT

Vietnamese Blue Bell (Linh Sam) bonsai — mature specimen with exposed roots, twisting trunk and three styled pads. Flowers with tiny blue-purple blooms. Glazed pot, moss top. Full sun, loves heat. Ready to display.

SUGGESTED PRICE

฿1,500

4 Aug 2026

AFTER

30 Aug 2026

DESCRIPTION

Thick-trunked dwarf jade planted on a dark lava-rock slab with moss. Pruned on 30 Aug to open the crown and show the trunk line and root spread. Almost indestructible in the Thai climate as long as it stays dry.

LISTING TEXT

Dwarf Jade (*Portulacaria afra*) bonsai on lava rock — thick trunk, moss-covered rock planting, freshly pruned into shape. Very easy care: bright light, water only when dry. Great gift tree.

Total suggested					฿10,460

Notes: the Vietnamese Blue Bell and Dwarf Jade show the trunk girth, bark and root spread of trees well over five years old — recorded ages of 3 yr are almost certainly too low. The Orange Jasmine's fluted trunk and root flare also point to 4–6 years. The Fukien teas are typically sold at 3–5 years once the S-curve trunk is set. The variegated Ficus triangularis is a thin, young plant — more likely 1–2 years than 3. The tree recorded as "Chinese Fringe Tree" has purple-bronze leaves, which matches Loropetalum chinense (Chinese fringe flower) rather than Chionanthus retusus — worth correcting in the app.
